Product Data Sheet for Item # 2538 POP n' GLAZE

Product Overview:

Pop n' Glaze is specially designed as a sugar coating for popcorn that is applied in the kettle as a molten glaze as the popcorn is popped. This product is a blend of refined sugars with artificial flavor.

Product Physical Properties

Flavor / Odor (sensory) Cooked sugar
Unfinished Color (in carton) White
Finished Product Color White
Form Free-flowing, Granular

Applications:

Used in the Food Industry for flavor coating popcorn.

Label Ingredient Statement:

Sugar, soy lecithin, salt, artificial flavor.

Packaging:

28 oz. (794 g) carton – 12 cartons per case

UPC:

0 90939 12538 7

Process Flow:

Sugar: Refined and Bleached.
Soy Lecithin: Emulsifier
Salt: Flavoring
Artificial Flavor: Derived from synthetic ingredients to mimic the flavor of sweet butter.

Certified:

Kosher Pareve and Halal

Country of Origin*:

MADE IN THE USA

All ingredients used in the manufacturing of this product were produced in the United States of America.

*Definition: The Country of Origin or product origin is defined as the country where the material was manufactured/produced/cultivated. When the material undergoes substantial transformation in a second country, the country in which the transformation is performed shall be considered the country of origin.

Storage & Shelf Life:

Store at < 110°F in a clean, dry, and odor-free environment.
Best if used within 18 months from the date of manufacture in unopened containers.

Food Grade Statement:

Gold Medal Products Co. hereby certifies that this product is Generally Recognized as Safe (GRAS) and is manufactured to Good Manufacturing Practices and is safe for its intended use. This item is produced in a facility inspected by the United States Food and Drug Administration, State and Local authorities. This product manufactured by Gold Medal Products Co. is guaranteed as fit for human consumption.

Material Safety Data Sheets (MSDS) Statement:

Material Safety Data Sheets (MSDS) are only issued for products considered to be hazardous. Gold Medal Products Co. food products are exempt from requiring a MSDS in accordance to the Occupational Safety and Health Administrations Hazard Communication Rule, as outlined under 29 Code of Federal Regulations (29 CFR) 1910.1200 subpart 2 (b)(5) and (6).

Product Data Sheet for Item # 2538 POP n' GLAZE

Regulatory Information:

This product is approved for use in Europe, Japan, or other countries.

Gold Medal Products Co. is registered and compliant with Public Health & Security.

FDA Bioterrorism Preparedness and Response Act of 2002 Registration #: xxxxxxx7492, re-registered 12-2012

Foreign Material Contamination:

The manufacturing of this product is routinely monitored for foreign material contamination.

GMO Statement:

GMO or potentially GMO

This term shall be used to describe products that contain ingredients, additives, or processing aides derived from commodities that have commercially grown GMO varieties in the supply chain, **AND** residual DNA/protein is likely detectable in the final product due to the removal process of all extraneous material that might harbor genetically modified organisms (GMO's), or substances (protein, DNA) derived thereof may not be effective or warranted.

Non-GMO

This term shall be used to describe products that contain ingredients, additives, or processing aides derived from commodities that have commercially grown GMO varieties in the supply chain, **BUT** residual DNA/protein is likely NOT detectable in the final product, either by effectively removing all extraneous material that might harbor genetically modified organisms (GMO's) or substances (protein, DNA) derived thereof or being a naturally non-GMO product.

Microbiological Statement:

This product, produced for/by Gold Medal Products Co., has a low moisture content (less than 0.05% typical) and lacks nutrients essential to support growth of most microorganisms. Organisms considered food-borne pathogens or of concern from a quality standpoint are not able to proliferate in this product; the processing and packaging is completed in a closed and sealed system offering little opportunity for contamination from extraneous materials that might harbor pathogens, viral particles, etc. To make the final product, the product must be heated above 370°F (188°C).

Stored Products:

Allergens listed below and marked with an asterisk (“*”) may be stored and labeled in our warehouse in finished form. All products come from approved suppliers. Each product is evaluated on the potential cross contamination with other products and allergens in the approved supplier’s facility. If there is any risk to that product, then it is stated at the top of this section as “may contain” or “contains”. Otherwise if it is not, those Allergens or Sensitizing Agents listed below **DO NOT** pose any threat to any of Gold Medal Product Co. finished products.

*Milk and derivatives, *eggs and derivatives, fish, shellfish (including crustaceans, mollusks and their derivatives), *tree nuts and derivatives, *wheat and derivatives, *peanuts and derivatives, *rice and derivatives, *corn and derivatives, *gluten sources (other than Wheat: such as oat and its by products, barley, rye, malt, buckwheat, spelt, and kamut), *yeast and derivatives, Lupin and derivatives, *artificial colors, *MSG, *benzoates, *TBHQ, *hydrolyzed vegetable proteins, *sulfites, artificial sweeteners, *animal derivatives, *mustard, celery, *seeds, *cocoa and derivatives, *cinnamon, and *caffeine.

Allergen Cross-Contamination Prevention:

Potential allergenic materials are produced using designated storage and processing. The risk of contamination is extremely low. When rework is used it is isolated and used only in products that may contain the same allergens. All containers and storage tanks are labeled accordingly if they may contain allergens.

SWEET CORN

MADE FRESH DAILY WITH GOLD MEDAL Pop-N-Glaze

NET WT. 28 oz. (794 Grams)

DIRECTIONS
 FROSTED POPCORN is easy to make with POP-N-GLAZE. Use regular amount of raw popcorn and oil (use white oil). Do not use popcorn seasoning salt. USE MEASURE OF POP-N-GLAZE EQUAL TO HALF THE QUANTITY OF CORN. (For example, use 4 oz. Pop-N-Glaze in 8 oz. kettle; 6 oz. Pop-N-Glaze in 12 oz. kettle).

Pop-N-Glaze COOKS DIRECTLY IN KETTLE. Put oil in kettle, allow to melt and get hot. Add measure of corn – slowly add measure of Pop-N-Glaze.

Let pop and DUMP CORN PROMPTLY. Do not wait until last kernel is popped. Make sure ALL corn is out of kettle. This prevents burning. Repeat for additional batches, always making sure oil is melted before adding corn and Pop-N-Glaze.

CAUTION: If mixture shows sign of burning, have kettle temperature checked by qualified service company. Malfunctioning thermostat and too hot a kettle can result in fire.

INGREDIENTS: Azúcar, lecitina de soya, sal, saborizantes artificiales.

INGREDIENTS: Sugar, soy lecithin, salt, artificial flavor.
 CONTAINS: SOY
