RESTAURANT RANGES

ENDURANCE™ GAS RESTAURANT RANGE

- Durable, MIG welded construction
- Flashtube pilot system can save up to \$300 per year in gas consumption
- Versatile 30,000 BTU/hr. burner delivers rapid boil times, even sauté and superior turndown
- Best repeatable oven bake in the industry with two oven racks standard

VSP STOCK POT RANGE

- Two 55,000 BTU/hr. ring-type burners in each section—110,000 BTU/hr. input per section
- Standing pilot ignition with two infinite control manual gas valves for each section
- Heat shield protects gas valves from high temperature, extending valve component life
- Heavy duty cast iron top grates support large stockpots
- Constructed standard for natural gas service;
 propane conversion kit supplied with the unit.
 Conversion is the customer's responsibility

Model VSP100

ACHIEVER VHP HOT PLATE

- Cast iron 30,000 BTU/hr 2-piece lift-off burners offer superior heat distribution for heavy sauté applications
- —1 protected standing pilot for every 2 burners reduces gas consumption and protects against spillover
- Heavy duty cast iron top grates, 1 per burner, support heavy pans and stockpots
- -4" heavy duty adjustable legs

Model VHP424

RANGE MATCH SALAMANDER BROILER

- Stainless steel front, sides and top with 1-gallon drip pan capacity
- Dual temperature controls
- -6 grid positions
- High grid temperatures for consistent productivity
- Available with infrared burner

GAS INFRARED CHEESEMELTER

- Energy-efficient gas infrared burners
- 3-position heavy duty rack guides and wire chrome grid rack
- −21" H x 19" D with all stainless steel interior
- Removable full-width stainless steel spillage pan for easy cleaning and maintenance
- Wall mount bracket (factory installed) included standard, installable on range shelf or legs

Model VICM36

OVENS

- Fully featured heavy duty oven at an affordable price
- ENERGY STAR® certified—save on energy costs and possibly qualify for rebates
- Cool-to-the-touch handles on independent doors for long-lasting reliability and easy operation
- Grab-and-go rack system for safe and easy pan removal
- 50,000 BTU/hr. burner system provides superior baking performance & product quality

Model VC44GD Shown with optional casters

VC5 GAS CONVECTION OVEN

- Removable, lift-off dishwasher-safe doors simplify the cleaning process and maximize labor productivity
- Enhanced displays of time and temperature,
 plus built-in diagnostics
- Best-in-class ENERGY STAR® cooking efficiency ratings
- Exclusive grab-and-go oven racks make it safer and easier for staff to remove pans

www.vulcanequipment.com

Shown with optional casters

CHARBROILERS

ACHIEVER VACB CHARBROILER

- Best temperature profile of any charbroiler in its class with consistent heat across cooking surface
- More usable heat (600-700°F) for maximum production capacity and productivity
- -17,000 BTU/hr. burner in each 6" broiler section
- Crumb tray removes for easy cleaning
- Supercharger plates are standard—improving energy utilization and performance

Model VACB47

COUNTER RESTAURANT SERIES CHARBROILER

- One 14,500 BTU/hr. cast iron burner and char-radiant for each broiler grate
- One infinite heat control valve for each burner with standing pilot ignition system
- —5¼" wide cast iron grates are reversible for level or inclined broiling positions
- Constructed standard for natural gas service;
 propane conversion kit supplied with the unit.
 Conversion is the customer's responsibility

COUNTER RESTAURANT SERIES HOT PLATE

- Fully ported two-piece 25,000 BTU/hr. burners
 with lift-off heads and cast iron top grates provide
 fire power for sauté work and turndown for reductions
- One infinite heat control valve for each burner with standing pilot ignition system and manual controls
- Flash tube technology saves fuel costs and creates a splash proof pilot
- Constructed standard for natural gas service;
 propane conversion kit supplied with the unit.
 Conversion is the customer's responsibility

VULCAN

COUNTER RESTAURANT SERIES MANUAL CONTROL GRIDDLE

- —1" thick griddle plate distributes burner heat evenly
- One 25,000 BTU/hr. "U" shaped aluminized steel burner for every 12" of griddle width
- One infinite heat control valve for each burner with standing pilot ignition system
- Constructed standard for natural gas service;
 propane conversion kit supplied with the unit unit. Conversion is the customer's responsibility.

COUNTER RESTAURANT SERIES SNAP ACTION THERMOSTATIC GRIDDLE

- Embedded snap-action thermostat provides more accurate plate temperature and faster recovery times on 1" thick griddle plate
- One 25,000 BTU/hr. "U" shaped aluminized steel burner for every 12" of griddle width
- One pilot safety valve for every two burners; valve will completely shut off gas to pilot and burners if pilot extinguishes
- Constructed standard for natural gas service; propane conversion kit supplied with the unit. Conversion is the customer's responsibility

Model VCRG36-T1

MSA GAS GRIDDLE

- -1" thick griddle plate distributes burner heat evenly
- Available with Vulcan's exclusive Rapid Recovery[™] composite griddle for even heating, increased productivity and easy cleaning
- Cool bull nose design keeps the front rail cool-to-the-touch at all times
- Embedded snap-action thermostat provides more accurate plate temperatures and quicker recovery times
- Fully welded frames, supervised gas pilot protection,
 heavy gauge knob guards and high capacity grease drawers

Model MSA48

BOILERLESS/CONNECTLESS COUNTER STEAMER

- —This batch production workhorse is ENERGY STAR® certified, benefitting your operation with superior water and energy savings
- Boilerless—no deliming required
- Connectionless-no water or drain line required
- Heavy duty door latch and mechanism
- Exclusive gasket guard/pan pusher
- Professional controls with 60-minute timer, buzzer and constant steam feature

Shown with optional stand

EO BOILERLESS STEAMER WITH AUTO-FILL

- Same features as standard C24EO Steamer
- —Boilerless design for ease of use and low maintenance
- Water line connection for automatic water fill/refill
- Illuminated power switch with low water and cook lights
- Electronic level sensing with no moving parts
- Overfill sensor with water shut-off and buzzer

Model C24EO3AF

ELECTRIC COUNTER À LA CARTE STEAMER

- —SmartDrain PowerFlush™ system
- High output stainless steel steam generator
- External deliming port and staged water fill
- Heavy duty door and latch mechanism
- Exclusive gasket guard/pan pusher
- Professional controls with 60-minute timer, buzzer and constant steam feature

Model C24EA5 PLUS

- Same features as standard C24EA PLUS Steamer
- ENERGY STAR® certified, benefitting your operation with superior water and energy savings
- Uses 90% less water and 50% less energy with low water energy technology
- SmartDrain PowerFlush™ system
- Less filter maintenance and scale cleaning required
- Extended 2 year warranty, limited to water related parts

Model C24EA5-LWE Shown with optional stand

ELECTRIC COUNTER À LA CARTE STEAMER (PS)

- Same standard features of C24EA PLUS Steamer
- Superheated; steams at 235° vs. regular steam at 212°
- Reduces cook times up to 20%
- For busy institutional and commercial kitchens that need to cook quality meals faster

Two C24EA5 PS Steamers Shown with STCKKIT 24EA and STAND 15YSGL

COUNTER STEAM JACKETED KETTLE

- True working capacity gives more meals per kettle servings
- Embossed gallon-liter markings never wear off and improve accuracy
- Heavy bar rim adds durability and better protection
- -316 stainless steel liner
- Locking feature facilitates fast cleanup and turnaround
- Reduces your total kitchen energy load

Model K6ETT Shown with optional stand and faucet

SCALEBLOCKER® WATER FILTRATION SYSTEM

- Minimizes limescale build-up and corrosion
- Removes problems from water without adding harmful chemicals or additives
- Removes chlorine and chloramines and meets
 NSF Standard 42 and 53
- Install & maintain for an additional one-year limited extended warranty at no additional charge
- Preventative maintenance replacement cartridge kits SMF600
 PMKIT and SMF620 PMKIT include cartridge and ScaleRelease™

LG GAS FRYER

- Durable stainless steel tank and front engineered to last
- Large cold zone designed to prolong the life of your oil
- Design reduces flue temperature and BTUs, lowering your operating costs
- 5-year limited tank warranty and entire fryer replacement if tank leaks during first year
- Available in 35-, 45-, and 65-lb. oil capacities

Model LG300 Shown with accessory casters

VEG GAS FRYER

- Stainless steel fry tank and door increase durability and ease of cleaning
- ENERGY STAR® certified so it uses less energy, saving you money
- Cooks 10 lbs./hr. more than a standard economy gas fryer*
 - *Third party-testing data by Fisher-Nickel
- 5-year limited tank warranty and entire fryer replacement if tank leaks during first year
- Available in 35-lb. oil capacity

Model 1VEG35M Shown with accessory casters

GR GAS FRYER

- Long-lasting, easy-to-clean stainless steel fry tank and cabinet
- Trouble-free adjustable casters—2 swivel non-locking and 2 swivel locking
- 10-year limited tank warranty
- Available in 35-, 45-, 65- and 85-lb. oil capacities

Model 1GR45M

POWERFRY3TM 1TR45A SOLID STATE ANALOG GAS FRYER

- Fast recovery increases production, allowing you to keep up with heavy load demands
- ENERGY STAR® certified so it uses less energy, saving you money
- Less than 750°F flue temperature at maximum production rate
- SOFTSTART™ Ignition System heats cold oil gently, prolonging oil life
- Available in 45-lb. oil capacity

Model 1TR45A

FRYMATE™ VX15 DUMP STATION

- Convenient fry dump station to keep product warm and improve kitchen work flow
- Durable, easy-to-clean stainless steel cabinet and removable curved pan
- Available for 35-, 45-, 50- and 65-lb. gas or electric fryers
- Optional ThermoGlo™ Food Warmer radiates uniform heat across surface

Model VX15 Shown with optional ThermoGlo™ Food Warmer

MF-1 MOBILE FILTER

- Designed for use with any Vulcan fryers or with any brand of freestanding fryers
- Extends oil life and saves you money
- Reusable stainless steel mesh filter screen assembly
- Large 6" wheels make portable filtering easy
- KleenScreenPLUS® accessory conversion kit available to filter out particulates down to 0.5 microns

Model MF-1

HEATED HOLDING

NON-INSULATED PROOFING & HEATING HOLDING CABINET

- Excellent durability from stainless steel construction
- Reaches holding temperature 16% faster and uses
 33% less electricity than an aluminum cabinet
- Full-length glass door with aluminum frame
- Easy-to-see top-mounted controls are less susceptible to damage
- —Adjustable racking to hold 18" x 26" or 12" x 20" pans
- 10-year warranty on heating elements (parts only)

Model VP18

NON-INSULATED HOLDING CABINET

- Excellent durability from stainless steel construction
- Reaches holding temperature 16% faster and uses
 33% less electricity than an aluminum cabinet
- Full-length glass door with aluminum frame
- Easy-to-see top-mounted controls are less susceptible to damage
- 10-year warranty on heating elements (parts only)

Model VHFA18

HEATED HOLDING

FULLY INSULATED INSTITUTIONAL **HOLDING CABINET**

- Top mounted digital display
- Available with adjustable racking, lip load racking or shelves
- 20-gauge stainless steel interior, exterior and welded frame
- Forced air gives superior heat distribution & fast recovery
- 10-year warranty on heating elements (parts only)

VRH COOK & HOLD OVEN

- Gentle air movement produces natural browning and consistent oven temperatures
- —Slow roasting produces more finished product to sell
- Easy-to-use knob controls
- Stackable stainless steel construction
- −250°F thermostat allows roasting without a hood in most areas
- 10-year warranty on heating elements (parts only)

Model VRH8

HEATED HOLDING

DRAWER WARMER

- Rugged 16-gauge stainless steel drawer slides and rollers
- Heavy duty tubular stainless steel handle and legs
- Separate controls for each drawer
- Holds various size steam table pans without an adapter
- Trim kit for built-in application
- 10-year warranty on heating elements (parts only)

Model VW2S

CHIP WARMER

- Removable front for easy cleaning
- Door opens flat, reducing breakage while scooping out chips
- First-in, first out helps keeps chips fresh
- Available in 26 and 46 gallon capacities
- 10-year warranty on heating elements (parts only)

Model VCW46

RESTAURANT RANGES & BROILERS WOLF

CHALLENGER XL™ GAS RESTAURANT RANGE

- Durable, MIG welded construction
- Flashtube pilot system can save up to \$300 per year in gas consumption
- − Versatile 30,000 BTU/hr. burner delivers rapid boil times, even sauté and superior turndown
- Best repeatable oven bake in the industry with two oven racks standard

Model C36S-6BN Shown with optional casters

WSPR STOCK POT RANGE

- Two 55,000 BTU/hr. ring-type burners in each section—110,000 BTU/hr. input per section
- Standing pilot ignition with two infinite control manual gas valves for each section
- Heat shield protects gas valves from high temperature, extending valve component life
- —Heavy duty cast iron top grates support large stockpots
- Constructed standard for natural gas service; propane conversion kit supplied with the unit. Conversion is the customer's responsibility

Model WSPR1

RANGE MATCH SALAMANDER BROILER

- Stainless steel front, sides and top with 1-gallon drip pan capacity
- Dual temperature controls
- -6 grid positions
- High grid temperatures for consistent productivity
- Available with Infrared Burner

Model C36RR

GRIDDLES & CHARBROILERS

HEAVY DUTY MANUAL GRIDDLE

- −1"-thick steel griddle plate distributes burner heat evenly
- -27,000 BTU/hr. burner in each 12" section
- Fully welded frames to provide a lifetime of durability
- − Wide-range (220° rotation) gas valves for making fine adjustments to heat input for more consistent cooking results

Model AGM48

ACHIEVER ACB CHARBROILER

- Best temperature profile of any charbroiler in its class
- More usable heat (600-700°F) for maximum production capacity and productivity
- 17,000 BTU/hr. burner in each 6" broiler section
- Supercharger plates are standard—improving energy utilization and performance
- Crumb tray removes for easy cleaning

Model ACB47

SLICERS

ECONOMY SLICER

- Easy to operate for great results
- —Slice from wafer thin up to 1/16"
- Disassemble without tools for easy cleaning
- -10" carbon steel knife
- Top-mounted two stone sharpening system produces consistently sharp knife edge

Model 825A-PLUS

MID-TIER SLICER

- −Powerful ⅓ and ½ HP motors
- Easy to operate for great results
- —Slice from wafer thin up to %16"
- Disassemble without tools for easy cleaning
- -12" carbon steel knife
- Top-mounted two stone sharpening system produces consistently sharp knife edge

Model 827A-PLUS

Additional Models Available

PREMIER SLICER

- —World's easiest slicer to clean and sharpen
- -13" stainless knife that slices up to 1 5/16" thick
- − Powerful ½ HP motor and 45° quick-feed product table
- —Automatic operation in 3 speeds: 20, 40 or 60 slices/minute
- —Three stroke lengths: ¹/₃, ²/₃ and full stroke
- Large product tray for extra capacity
- Borazon sharpening stones for fast, accurate sharpening

Model X13-PLUS

- Powerful ¹/₃ HP motors
- Available in $\frac{3}{8}$ " (10mm), $\frac{7}{16}$ " (11mm), $\frac{1}{2}$ " (13mm) or 3/4" (19mm) pre-set slice thickness
- Premium white powder coat finish
- Convenient front-mounted, stainless steel bagging trough
- Removable scrap pan

SLICERS

FLYWHEEL PROSCIUTTO SLICER

- —Traditional, Hand Operated Design
- -Nominal 12" or 13" hollow-ground knife
- —Slice thickness adjustable from tissue thin up to 3/16"
- Knife Ring Guard
- —Automatic feeding smoothly delivers product into the knife
- Integrated two-stone, dual-action sharpener

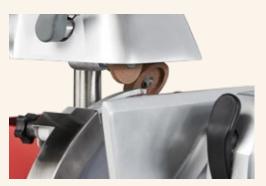

Model 330M

Model 330M - Carriage Tray detail

Model 330M - Sharpener detail

Berkel FOOD PROCESSOR | VACUUM PACKAGING

M SERIES FOOD PROCESSOR

- High performance motor for productivity and slice quality
- Durable stainless base
- —Slices, dices, shreds, grates, crimps and juliennes
- Process 600-800 lbs. per hour
- -1 Speed, 1/2 HP motor

Model M2000 Additional Models Available

VACUUM PACKAGING MACHINE

- Vacuum packaging models with durable stainless steel housings and vacuum chambers
- Fast and durable Busch vacuum pumps
- Gas-flush capable (not available on 250 Model)
- Variable sensor controlled vacuum settings
- -Clear, see-through lid
- Stainless steel cart accessory

Model 350
