## TERMS

Thank you for your consideration of Bargreen Ellingson for your food service equipment needs!

Prices shown in this quotation are for the specified items, quantities, lead-time and named project.

Please note that the above listed prices are valid until the next factory price increase. All applicable taxes are subject to the current rate at time of final invoicing. Should the project scope change, prices may be subject to revision.

Payment Terms are as follows, pending approval from our credit department:

- 100% Deposit due at time of equipment order

Installation includes delivery and set in place only; electrical & plumbing connections are by others. Bargreen Ellingson is not a licensed electrical or mechanical contractor, nor can we replace the need for an architect or a general contractor who are able to ensure that all elements of the foodservice portion of a project are in sync with other building operations.

Other exclusions include core drilling, X-ray service, structure penetration or crane services (hoisting) unless specifically noted. The general contractor is responsible for any work common to building structure modification, or special lifting requirements. The owner is to allow clear access and free use of elevators, where required, for the Bargreen Ellingson Installers and Sub-Contractors. Any and all work is to be done during regular work hours, Monday through Friday, unless specifically noted in advance. All walls, floors, and ceilings must be in a finished state prior to installation to prevent equipment from being mishandled by other trades. Bargreen Ellingson cannot be held responsible for delays caused by unforeseen events beyond the reasonable control of our personnel or Sub-Contractors.

Quoted Equipment carries only the individual Manufacturer's Standard Warranty unless specifically stated otherwise. In the event of equipment damage that is determined to be the responsibility of Bargreen Ellingson or our sub-contractors, our obligation is limited to required repair or replacement, and Bargreen Ellingson shall not be liable for any consequential, incidental, or contingent damage, labor charges or loss of business.

Equipment items being supplied conform to applicable codes as they are known. If special codes or circumstances are invoked by governing authorities, it shall be the responsibility of the project owner and the undersigned client agent to pay for any and all additional costs and fees incurred by Bargreen Ellingson. Permits, if required, are not included, unless specifically stated for in the line item costs.

It is the responsibility of the end user to verify all measurements, direction of operation, voltages and utility specifications prior to ordering. Custom fabricated items are not subject to return. Custom items include but are not limited to: furniture, fixtures, hoods, walk-ins or stainless fab. Buy-out equipment may not be returned without written consent from Bargreen Ellingson. When returns are authorized, they are subject to restocking and freight charges to and from the project. Manufacturer-imposed restock fees can range from 25-40%. Credit will not be issued until such time as the merchandise has been inspected and accepted by the manufacturer.

If this project is delayed for whatever reason for more than 120 days from the signing of this contract, please be advised that a 1.5% per month finance charge will be assessed. Product stored but not delivered will accrue storage fees to be determined.

It shall be understood by all parties involved that this document shall become a legal and binding purchase contract upon signing below and receipt of cash funds (checks clear bank) for the down payment as specified above. Signature below by the purchaser acknowledges the acceptance of all terms and conditions as set forth in this contract.

The person signing this contract specifically represents that he/she has the authority to execute this document and its contents on behalf of the purchaser.
