

COOL-SPACE

–EVAPORATIVE COOLERS–

THE FAST-ACTING SOLUTION TO EXTREME HEAT

Cool-Space takes evaporative cooling to the next level with class-leading design and powerful performance that can be mobilized to any corner of your facility. Combining efficient direct-drive fan technology with robust water systems and thicker media than competing products, Cool-Space delivers energy-efficient airflow to keep your people safe, comfortable, and productive.

- Cool spaces by up to 33 °F
- Convenient 110 V power supply
- GreenGuard Gold certified to meet standards for air quality
- Variable speed control
- Industry's best 5-year warranty
- Assembled in the United States
