

Countertop Food Warmer

A Professional Line of Commercial Cooking Equipment

Model: TEKFSW

TEKFSW

Countertop Warmer

Food warmers from CULITEK are an essential piece of equipment for any foodservice kitchen. The space-saver, countertop design makes them ideal for your buffet or snack bar, late night diner, or any restaurant that wants to expand capacity without expanding their footprint. These warmers not only ensure that the customer's food is served at the correct temperature, but they also enable kitchen staff to prepare meals ahead of time to heat and serve later, improving the operational flow of the kitchen and reducing customer wait times. UL listed and NSF approved, this unit is backed with a 1-year warranty.

Construction

- Commercial quality heavy-duty stainless steel construction for excellent durability
- Interior well is constructed of heavy-duty 20 gauge, 18/8 stainless steel
- Steel element support stabilizes heating elements and reflects heat toward food providing even heat distribution
- 6 1/2" deep well accommodates food pans up to 4" deep
- Small footprint, can fit just about anywhere with its overall dimensions of 14 1/2"W x 22 1/2"D 9 1/4"H

Operation

- Adjustable heating control allows for keeping food warm at a desired temperature for an extended period of time
- Maintains food temperature in excess of 140°F to meet the requirements for food safety

Electrical

- 5' power cord with NEMA 5-15 plug
- 120V, 10 Amps
- 1200W
