WAVEBRAKE® 35 QT BUCKET AND CASTERS, YELLOW

With features that surpass traditional mop buckets, the new generation of WaveBrake® helps to clean floors with less effort to get the job done safer, without sacrificing quality and durability.

FEATURES & BENEFITS

- **IMPROVE SAFETY AND PRODUCTIVITY** Patented WaveBrake baffles result in less splashing while mopping and maneuvering, helping to create a safer environment for patrons and staff. Additionally, water stays in the bucket, eliminating unnecessary trips to the storage closet to fill up the bucket, enhancing productivity.
- **80% LESS SPLASHING** - Molded-in WaveBrake baffles disrupt wave formation, reducing splash up to 80% versus leading competitors. *versus competitive U.S. 35qt single compartment mop bucket and wringer, not including divider bucket and accessories.
- **CONVENIENT TO EMPTY** The new generation of the WaveBrake mop bucket is designed to safely empty water with less effort. Integrated handles, sink ledge, and a pour spout provide control while lifting and emptying, for a safe and stable emptying process.
- **INTEGRATED HANDLES AND SINK LEDGE** Lift and empty the mop bucket easily, with less strain.
- **POUR SPOUT** Helps prevent water from spilling on to floors while emptying dirty water, to help floor remain dry and safe.
- **SECURE WRINGER CONNECTIONS** Integrated wringer-guides ensure a secure connection to mop bucket, providing stability while wringing and maneuvering, to help prevent spills.
